

DF 7500 MPT

DF 7500 MPT (Mobile Power Tank) is a «all-in-one solution» since it equips a DF 7500 dust control unit joined to a 2000 liters stainless steel water tank and to a 20 kW power generator. A completely independent machine usable in every kind of circumstance, even in remote areas.

CTS_16_1_TL_DF-7500-MPT_EN

		DF 7500 MPT
Electrical engine power (fan)	kW	7,5
Integrated power generator	kW	20 (three-phase)
Maximum horizontal range (without wind)	m	30 – 40
Maximum vertical range (without wind)	m	17
Maximum covered area	m ²	4600
Water tank capacity	l	2000
Water connection	-	UNI 45 / STORZ / CAMLOCK
Diesel tank capacity	l	85
Water consumption (1 pump / 2 pumps)	l/min	23 (7 bar) / 32 (12 bar)
Running time (1 pump / 2 pumps)	min	85 (7 bar) / 60 (12 bar)
Water inlet filter	µm	180
Rotation angle	°	335
Tilting	°	0 – 40
Dimensions with tow bar and wheels	mm	4500 x 2250 x 2640
Dry weight	kg	2700
